Dan,  
RST 3 would like to request a TDD amendment for the Canadian Radium and Uranium Corp. Site, TDD#: TO-0007-0023. As of today, December 12, 2016, RST 3 has utilized 201 hours of the budgeted 250 hours with a balance of 49 hours.

This request for additional 200 hours would enable RST 3 provide field support during the upcoming Removal Assessment sampling event and subsequently prepare data tables, figures, and a Removal Assessment Trip report.

Please let Shawna Hoppe know if you concur with this request.

Thank you.
